Hello David,

We are still trying to get permission to share the document that Krag had mentioned, but thus far have not had success. I will keep pushing to get approval, and will keep you in the loop.

Best regards,

David

David,

I have not talked to Dr. Fine yet but I expect to talk to him within the next few days. Are you able to share a publicly-releasable copy of the quote you recently prepared for the Nigeria stack installation? Mr. Krag Petterson previously offered to share one with me but I haven't received it yet.

Thanks,

-David

Hello David,

I just wanted to follow up to see if you were able to communicate with Dr. Fine at South Coast AQMD regarding our Xact systems in stack applications. Do you require any additional information from us?

Best regards,

David Moore
